JAIPUR RUGS

A fine Blend between chaos and control, the rugs from the Edge & Essence Collection offer a fresh perspective. The rustic burnt-inspired edges break the norms from the usual rectangular silhouettes. The rugged character of the rugs is defined by the geometrical symmetry in design that brings an amalgamation of contemporary modern art, synced in place with an art deco order and sophistication.

Defying the usual standards of beauty, these hand-knotted rugs bring an interplay of organic forms and a structured precision crafted from the finest of yarns like wool, cotton and bamboo silk. The harmony that these handcrafted rugs offer is perfect to be a conversation starter where they effortlessly anchor any space.
