A hand is shown holding the corner of a large, patterned rug. The rug features a complex, abstract design with horizontal bands of color, including shades of beige, cream, dark brown, and deep teal. The background is a blurred view of a beach with waves breaking on the shore. The overall mood is serene and natural.

JAIPUR RUGS

Genesis Collection

The Genesis collection is a play on the ideas with a clear origin but without a clear future. These hand-tufted rugs are a platform where pastel colors and vague shapes coexist with the hopes of blending into a concrete idea.
